

MSGC Fellowships and Scholarships

NASA/Montana Space Grant Consortium

<http://spacegrant.montana.edu/Text/ScholarProgram.html>

Application Deadline:
April 1, 2010

The Montana Space Grant Consortium (MSGC) is now accepting applications for graduate fellowships and undergraduate scholarships. Awards will be made on a competitive basis to students enrolled in fields of study related to NASA's mission. These fields include (but are not necessarily limited to):

- Biological and Life Sciences
- Chemistry
- Geological and Planetary Sciences
- Physics and Astronomy
- Mathematics
- Engineering (Mechanical, Chemical, Civil, Electrical and Computer)
- Computer Sciences

Graduate fellowship awards consist of a \$15,000 stipend plus in-state tuition up to 9 credits and fees for one academic year. Undergraduate scholarship awards are \$1,500 for the academic year.

Scholarships and fellowships are renewable. The returning applicant must resubmit a full application for consideration. No special preference is given to renewal applications.

All award recipients must agree to provide MSGC with information about their studies and/or employment on request

beyond the period of the award. (This is part of a NASA requirement to track the long range effectiveness of the fellowship/scholarship program.)

ELIGIBILITY

All NASA/MSGC Fellowship and Scholarship recipients must be:

- Citizens of the United States
- Enrolled full-time as a student at an MSGC member institution (see list below)
- Interested in space-related science, technology or engineering

DEADLINE

Fellowship applications must be received at the MSGC Office, 416 Cobleigh Hall, Montana State University, Bozeman, MT 59717, by **April 1, 2010**. **Scholarship applications** must be submitted to the appropriate MSGC Institutional Representative (listed below) by **April 1, 2010**. Awards are typically announced in May.
